

“ *Imagine...
simple and rapid erection...* ”

The new MDT « City »

Like a big one:

- **Max. load:** 6 t.
- **Max. jib:** 55 m.
- **Load at jib nose:** 1,2 t.
- **Mast:** 1,2 m. (SR26E)
- **Under hook height:** 40 m.

... multiple devices
for a faster erection !!!

MDT 98

3,8 m : ZC 2030
4,5 m : ZD 2030

New cross-shaped
base in two parts

Monoblock counter-jib
with wind-sail plates
which can be folded

Fast erection of the jib :
two notches on the lower members
and one pin on the upper member

The "City"
design:
rope-reeving
is carried out
on the ground
